

Profile: Colin Mercer

Construction Director

Bancon Construction

MAIN RESPONSIBILITIES:

Colin will oversee that all projects, both pre and post tender, receive the correct attention to detail. He will ensure each is meticulously planned, programmed and procured to ensure that the project runs as expected. Colin will direct several projects, using his extensive management and site planning experience to identify potential site issues and take corrective action minimising site delays and costs.

GENERAL EXPERIENCE:

Colin is a director with a wide range of experience in the construction industry working across various sectors including Civil Engineering, Waste Water Treatment Plants, Housing, Retail, Commercial and Hotels. Colin has natural leadership skills and empowers teams to achieve their potential and project objectives. Colin is an effective communicator and has been successful in building close-knit teams. Colin uses these skills to ensure collaborative working between site teams, clients and sub-contractors. Colin has a “hands-on” attitude across the business and enjoys problem solving and overcoming logistical issues. Colin also has a passionate approach to maintaining the highest standards of Health & Safety, Quality and Environmental excellence.

KEY PROJECT EXPERIENCE:

Morrison's Abattoir <i>Value: £22 Million</i>	Construction Manager for the £22 Million Abattoir project.
Citizen M Hotel <i>Value: £18 Million</i>	Project Manager of a £18 Million Modular Hotel Project in Glasgow.
First Bus World HQ <i>Value: £18 Million</i>	Project Manager for the £18 Million Industrial & Office facility in Aberdeen.
